*American Cars, 1960-1972* J. “Kelly” Flory, Jr. 2014-01-10 The automotive industry underwent great change in the 1960s and the early 1970s. The continuing trend toward market consolidation, the proliferation of sizes and nameplates, and the “need for speed” characterized this period, loosely labeled as the muscle car era. This is an exhaustive reference work to American made cars of model years 1960-1972. Organized by year (and summarizing the market annually), it provides a yearly update on each make’s status and production figures, then details all models offered for that year. Model listings include available body styles, base prices, engine and transmission choices, power ratings, standard equipment, major options and their prices, curb weight and dimensions (interior and exterior), paint color choices, changes from the previous year’s model, and sales figures. Also given are assembly plant locations and historical overviews of each model nameplate. The book is profusely illustrated with 1,018 photographs.

**2001 Buick LeSabre Service Manual H** General Motors Corporation. North American Operations 2000

**Buick Nailhead: How to Rebuild & Modify 1953-1966** Gary Weldon 2020-10-15 Learn how to rebuild and upgrade your Buick Nailhead with the first book ever dedicated to the subject! In this all-new book from Nailhead racer and veteran engine builder Gary Weldon, you will learn everything you need to know about how to rebuild and upgrade the venerable Buick Nailhead engine. Weldon takes you through each step, including a review of the birth of the Nailhead, the benefits of its unique design, serial and casting number information to source and identify the best project, and a history of the engine in development. Also covered are the processes of rebuilding, including disassembly, inspection, sourcing the best parts, making critical upgrades, reassembly, and break-in. Of course, all the machine shop work is covered, and practical advice on building engines for competition is provided. The Nailhead was a throwback to the early overhead-valve engine design, and that unique design makes it a popular choice for period-correct hot rod projects. In addition, if your torquey Nailhead resides between the fenders of a Buick Special, LeSabre, Invicta, Roadmaster, Riviera, Century,

Skylark, Wildcat, or Electra 225, this book will help you keep that old beauty on the road.

Buick Auto Parts Interchange Manual 1950-1965 F. D. Harper 2012-02-03 This Buick parts interchange manual has been designed to help you in the purchase and identification of original equipment parts. It will save many hours of time locating the parts you need. With this manual you will know exactly what parts from which GM vehicles are identical. There may be no need to pay a high price for a supposedly rare part when it may be identical to many other vehicles parts. Many parts interchange between different years, makes and models. For example a part from a 53 Pontiac may be the same as for a 55 Cadillac or a part from a 65 Chevy Impala may be the same as a part for 64 Buick. This manual may not only save you money, it could be a great reference source for your restoration project. It includes a model identification chart, engine identification information, serial number charts, original factory part numbers, for certain parts it includes casting numbers, and more. The manual is broken down by the major groups listed below and each of these groups is further broken down into specific parts. For example under the body group it lists everything from bumpers to window regulators. Below are the groups and a sample of what is included in each group. Axle group Shafts, housing, gears, etc. Bearing group Pinion, wheel, etc. Body group Fenders, grilles, doors, bumpers, etc. Brake group Drums, master cylinders, shoes, etc. Clutch group Cover, disc, etc. Cooling group Radiator, water pump, etc. Electrical group Alternator, horn, distributor, wiper motors, etc. Engine group Camshaft, crankshafts, heads, manifolds, etc. (covers 6 cylinder up to the 430) Fuel group Carburetors, fuel pumps, tanks, etc. Suspension group Springs, shocks, tie rods, etc. Transmission group Complete transmissions, gears, shaft, etc. Glass group Windshield, back window, vent, door Wheel group Hubs, wheels This manual covers: Buick: Century, Invicta, LeSabre, Limited, Electra, Riviera, Road Master, Skylark, Special, Super, Wildcat Pontiac: Chieftain, Bonneville, Catalina, Grand Prix, GTO, Lemans, Star Chief, Streamliner, Super Chief, Tempest, Ventura, Chevrolet: Bel Air, Biscayne, Chevelle, Chevy II, Corvair, Corvette, Delray, Deluxe, Impala, Malibu, Nova, Special Oldsmobile: 98, Classic, Cutlass, Delta 88, Deluxe, Dynamic, Dynamic 88, F85, Futurmatic, Jetstar 88, Jetstar I, Standard, Super, Super Deluxe, Starfire Cadillac: 60, 61, 62, 63, 75, Brougham, Calais, Deville,

Eldorado, Fleetwood
