UN/MASKED Donna Kaz 2016-11-01 An unknown actress on movie star’s arm was how she began. An anonymous activist in a rubber gorilla mask is where she wound up. UN/MASKED: Memoirs of a Guerrilla Girl On Tour follows the surprising twenty-five-year journey of a young artist, Donna Kaz, who is swept off her feet by William Hurt, a rising star, and carried to a beach house in Malibu. The actor William Hurt introduces her to Hollywood’s elite by day and knocks her head in by night. When OJ Simpson kills his former wife in Brentwood, a bell goes off and awakens her angry, activist spirit. Always an outsider, she takes one step further into invisibility and becomes a Guerrilla Girl, a feminist activist who never appears in public without wearing a rubber gorilla mask and who uses the name of a dead woman artist instead of her own. As a Guerrilla Girl, Apha Behn creates comedic art and theatre that blasts the blatant sexism of the theatre world while proving feminists are funny at the same time.These two narratives?that of a young victim of domestic violence at the hands of a successful actor and that of an artist so fed up with sexism in the theatre world that she puts on a gorilla mask and takes the name of a dead woman artist to provoke change?have been lived by one woman. Donna Kaz offers her compelling first-hand account?illuminated by twenty behind-the-scenes photographs?of her transition from a silent observer to an unapologetic activist.This is the memoir of a woman-turned-survivor-turned-radical-feminist who takes off her mask and, by merging her identities, reveals all.

Deaf President Now! John B. Christiansen 2003 Deaf President Now! reveals the groundswell leading up to the history-making week in 1988 when the students at Gallaudet University seized the campus and closed it down until their demands were met. To research this probing study, the authors interviewed in-depth more than 50 of the principal players. This telling book reveals the critical role played by a little-known group called the "Ducks," a tight-knit band of six alumni determined to see a deaf president at Gallaudet. Deaf President Now! details how they urged the student leaders to ultimate success, including an analysis of the reasons for their achievement in light of the failure of many other student movements. This fascinating study also scrutinizes the lasting effects of this remarkable episode in "the civil rights movement of the deaf." Deaf President Now! tells the full story of the insurrection at Gallaudet University, an exciting study of how deaf people won social change for themselves and all disabled people everywhere through a peaceful revolution.

Ill Scream Later Marlee Matlin 2009-04-14 Critically acclaimed and award-winning actress Marlee Matlin reveals the illuminating, moving, and often surprising story of how she defied all expectations to become one of the most prolific and beloved actresses of our time. Marlee Matlin entered our lives as the deaf pupil turned custodian audiences fell in love with in Children of a Lesser God, a role for which she became the youngest woman ever to win a Best Actress Oscar. More than twenty years after her stunning big screen debut, the Golden Globe- and Emmy-nominated actress is an inspirational force of nature -- a mother, an activist, and a role model for millions of deaf and hard-of-hearing people around the world. In *Ill Scream Later*, Marlee takes readers on the frank and touching journey of her life, from the frightening loss of her hearing at eighteen months old to the highs and lows of Hollywood, her battles with addiction, and the unexpected challenges of being thrust into the spotlight as an emissary for the deaf community. She speaks candidly for the first time about the troubles of her youth, the passionate and tumultuous two-year relationship with Oscar winner William Hurt that dovetailed with a stint in rehab, and her subsequent romances with heartthrobs like Rob Lowe, Richard Dean Anderson, and David E. Kelley. Though she became famous at the age of twenty-one, Marlee struggled all her life to connect with people, fighting against anyone who tried to hold her back. Her own mother often hid behind their communication barrier, and Marlee turned to drugs before she even started high school. However, she found in acting -- with the encouragement of her mentor, Henry Winkler -- a discipline, a drive, and a talent for understanding the human condition that belied her age and her inability to hear. By the time Hollywood embraced her, she had almost no formal training, a fact that caused many other deaf actors to give her the cold shoulder, even as she was looked upon as a spokesperson for their community. She has played memorable roles on widely popular television shows such as Seinfeld, The West Wing, and The L Word, danced a show-stopping cha-cha-cha on Dancing with the Stars, and now, with uncompromising honesty and humor, Marlee shares the story of her life -- an enduring tale that is an unforgettable lesson in following your dreams.

Sounds Like Home Mary Herring Wright 1999 Reconnects the author’s experiences growing up as a deaf person in Iron Mine, North Carolina, from the 1920s through the 1940s, and describes life at a residential school for black deaf and blind students as both a student and a teacher.

Sitting Pretty Rebekah Taussig 2020-08-25 A memoir-in-essays from disability advocate and creator of the Instagram account @sitting_pretty Rebekah Taussig, processing a lifetime of memories to paint a beautiful, nuanced portrait of a body that looks and moves differently than most. Growing up as a paralyzed girl during the 90s and early 2000s, Rebekah Taussig only saw disability depicted as something monstrous (The Hunchback of Notre Dame), inspirational (Helen Keller), or angelic (Forrest Gump). None of this felt right; and as she got older, she longed for more stories that allowed disability to be complex and ordinary, uncomfortable and fine, painful and fulfilling. Writing about the rhythms and textures of what it means to live in a body that doesn't fit, Rebekah reflects on everything from the complications of kindness and charity, living both independently and dependently, experiencing intimacy, and how the pervasiveness of ableism in our everyday media directly translates to everyday life. Disability affects all of us, directly or indirectly, at one point or another. By exploring this truth in poignant and lyrical essays, Taussig illustrates the need for more stories and more voices to understand the diversity of humanity. Sitting Pretty challenges us as a society to be patient and vigilant, practical and imaginative, kind and relentless, as we set to work to write an entirely different story.

Song Without Words Gerald Shea 2013-02-26 Much has been written about the profoundly deaf, but the lives of the nearly 30 million partially deaf people in the United States today remain hidden. Song without Words tells the astonishing story of a man who, at the age of thirty-four, discovered that he had been deaf since childhood, yet somehow managed to navigate his way through Andover, Yale, and Columbia Law School, and to establish a prestigious international legal career. Gerald Shea's witty and candid memoir of how he compensated for his deafness -- through sheer determination and an amazing ability to translate the melody of vowels. His experience gives fascinating new insight into the nature and significance of language, the fierce controversy between advocates of signing and of oral education, and the longing for full communication that unites us all. *That Girl Lay Lay: It's Time To #Slay That Girl* That Girl Lay Lay 2022-01-04 Learn all about Lay Lay -- the latest teen music sensation and Nickelodeon's newest star -- in this full-color photographic memoir! What's That Pig Outdoors? Henry Kisor 2010-10-01 Henry Kisor lost his hearing at age three to meningitis and encephalitis but went on to excel in the most verbal of professions as a literary journalist. This new and expanded edition of Kisor’s engrossing memoir recounts his life as a deaf person in a hearing world and addresses heartening changes over the last two decades due to the Americans with Disabilities Act of 1990 and advancements in cochlear implants and modes of communication. Kisor tells of his parents’ drive to raise him as a member of the hearing and speaking world by teaching him effective lip-reading skills at a young age and encouraging him to communicate with his hearing peers. With humor and much candor, he narrates his time as the only deaf student at Trinity College in Connecticut and then as a graduate student at Northwestern University, as well as his successful career as the book review editor at the Chicago Sun-Times and the Chicago Daily News. Life without hearing, Kisor says, has been fine and fulfilling. Widely praised in popular media and academic journals when it was first published in 1990, What’s That Pig Outdoors? opened new conversations about the deaf. Bringing those conversations into the twenty-first century, Kisor updates the continuing disagreements between those who advocate sign language and those who practice speech and lip-reading, discusses the increased acceptance of deaf people’s abilities and idiosyncrasies, and considers technological advancements such as blogging, instant messaging, and hand-held mobile devices that have enabled deaf people to communicate with the hearing world on its own terms.

Orchid of the Bayou Cathryn Carroll 2001 In graduating from Gallaudet University, finding a job in Washington, D.C., and starting a family with her college sweetheart, Kitty Fischer tacitly abandoned the Louisiana Cajun culture that had exposed her to little more than prejudice and misery as a child. Upon discovering that she suffered from Usher syndrome (a genetic condition that causes both deafness and blindness), however, Fischer began an unlikely journey toward reclaiming her heritage. She and Cathryn Carroll tell the story of her heroic struggle and cultural odyssey in Orchid of the Bayou: A Deaf Woman Faces Blindness. "By this time Mama knew I was 'not right,'" Fischer says of her early childhood. "She knew the real words for 'not right,' too, though she never said those words. I was deaf and dumb." Initially Fischer's parents turned to folk healers to try and "cure" their daughter's deafness, but an aunt's fortunate discovery of the Louisiana School for the Deaf would rescue Fischer from misunderstanding and introduce her to sign language and Deaf culture. She weathered the school's experiments with oralism and soon rose to the top of her class, ultimately leaving Louisiana for the academic promise of Gallaudet. While in college, Fischer met and married her future husband, Lance, a Jewish Deaf man from Brooklyn, New York, and each landed jobs close to their alma mater. After the birth of their first child, however, Fischer could no longer ignore her increasing tunnel vision. Doctors quickly confirmed that Fischer had Usher syndrome. While Fischer struggled to come to terms with her condition, the high incidence of Usher syndrome among Cajun people led her to re-examine her cultural roots. "Could I still be me, Catherine Hoffpauir Fischer, had I not been born of a mix that codes for Usher syndrome?" she asks. "To some extent, the history of my people explains the constitution of my genes and the way my life has unfolded." Today Fischer prospers, enjoying her time with family and friends and celebrating the Deaf, Cajun, Blind, and Jewish cultures that populate her life. Her lively story will resonate with anyone who recognizes the arduous journey toward claiming an identity.

A Loss for Words Lou Ann Walker 2011-10-04 "A deeply moving, often humorous, and beautiful account of what it means to be the hearing child of profoundly deaf parents . . . I have rarely read anything on the subject more powerful or poignant than this extraordinary personal account by Lou Ann Walker." — Oliver Sacks From the time she was a toddler, Lou Ann Walker acted as the ears and voice for her parents, who had lost their hearing at a young age. As soon as she was old enough to speak, her childhood ended, and she immediately assumed the responsibility of interpreter—translating doctors’ appointments and managing her parents’ business transactions. Their family life was warm and loving, but outside the home, they faced a world that misunderstood and often rejected them. In this deeply moving memoir, Walker offers us a glimpse of a different world, bringing with it a broader reflection on how parents grow alongside their children and how children learn to navigate the world through the eyes of their parents.

Send Yourself Roses Kathleen Turner 2008-02-14 From her film debut as the sultry schemer in Body Heat to her award-winning role as Martha in Who's Afraid of Virginia Woolf?, actress Kathleen Turner's unique blend of beauty, intelligence, and raw sexuality has driven her personal and professional life. Now, in this gutsy memoir, the screen icon tells us of the risks she's taken and the lessons she's learned-sometimes the hard way. For the first time, Turner shares her childhood challenges- a life lived in countries around the world until her father, a State Department official whom she so admired, died suddenly when she was a teenager. She talks about her twenty year marriage, and why she and her husband recently separated, her close relationship with her daughter, her commitment to service, and how activism in controversial causes has bolstered her beliefs. And Turner reveals the pain and heartbreak of her struggle with rheumatoid arthritis, and how, in spite of it, she made a daring decision: to take a break from the movies and relaunch her stage career. Along the way, Turner describes what it's like to work with legends like Jack Nicholson, Michael Douglas, William Hurt, Steve Martin, Francis Ford Coppola, John Huston, John Waters, Edward Albee . . . and, with characteristic irreverent humor, shares her behind-the-scenes stories of dealing with all types of creative, intimidating, and inspiring characters. Kathleen Turner has always known that she would play the lead in the story of her life. It's impossible not to take her lessons on living, love, and leading roles to heart. And it won't be long until you'll be sending yourself roses!

The Roots of Obama's Rage Dinesh D'Souza 2011-10-03 Critics of President Obama have attacked him as a socialist, an African-American radical, a big government liberal. But somehow the critics have failed to reveal what's truly driving Barack Obama. Now bestselling author Dinesh D'Souza throws out these misplaced attacks in his new book, The Roots of Obama's Rage. The reason, explains D'Souza, that Obama appears to be working to destroy America from within is found, as Obama himself admits, in "The Dreams of His Father": a deeply-hostile anti-colonialism. Instilled in him by his father, this worldview has led President Obama to resent America and everything for which we stand. Viewing Obama through this anti-colonialism prism and drawing evidence from President Obama's own life and writings, D'Souza masterfully shows how Obama is working to weaken and punish America here and abroad.

From Rejection to Love Avril Hertneky 2021-02-12 What does it mean to be a Deaf woman growing up in today's society? Are there obstacles? Hardship? Struggles? Those are only some of the battles that I've had to endure growing up as a youngster, teenager, and young adult. Let me tell you, I'm from the city of Brampton in Ontario, Canada. My household was nothing but calm. My sense of safety was jeopardized at every turn. As I write these words, the physical, mental, and emotional pain still runs through the psyche of my being since I've taken my first breath of life. I believe I have a purpose in life; first and foremost a wife and mother of my children. I'm so thankful that my children do not endure what I had to go through in the past with my own mom and dad. I want to get my story out in this world; it is a certain and difficult truth and terribly biased due to my family's upbringing and culture. Sometimes digging up old skeletons out of the closet and exposing them are the only way to release the pain and let go. It is freeing, not only from within myself but all around me. Perhaps this book would be a welcoming balm for others who have gone through similar, horrible childhood as I have experienced. No one should have to go through what I went through. If you know of someone who is going through these types of experiences, ask them to have professional help and get the state involved for one's protection and those of children.

Deaf Child Crossing Marlee Matlin 2002 Despite the fact that Megan is deaf and Cindy can hear, the two girls become friends when Cindy moves into Megan's neighborhood, but when they go away to camp, their friendship is put to the test.

Mean Little Deaf Queer Terry Galloway 2010-06-01 In 1959, the year Terry Galloway turned nine, the voices of everyone she loved began to disappear. No one yet knew that an experimental antibiotic given to her mother had wreaked havoc on her fetal nervous system, eventually causing her to go deaf. As a self-proclaimed "child freak," she acted out her fury with her boxy hearing aids and Coke-bottle glasses by faking her own drowning at a camp for crippled children. Ever since that first real-life performance, Galloway has used theater, whether onstage or off, to defy and transcend her reality. With disarming candor, she writes about her mental breakdowns, her queer identity, and living in a silent, quirky world populated by unforgettable characters. What could have been a bitter litany of complaint is instead an unexpectedly hilarious and affecting take on life.

Finding Zoe Brandi Rarus 2014-10-07 At just a few months old, Zoe was gradually losing her hearing. Her adoptive parents loved her—yet agonized—feeling they couldn't handle raising a Deaf child. Would Zoe go back into the welfare system and spend her childhood hoping to find parents willing to adopt her? Or, would she be the long-sought answer to a mother's prayers? Brandi Rarus was just 6 when spinal meningitis took away her hearing. Because she spoke well and easily adjusted to lip reading, she was mainstreamed in school and socialized primarily in the hearing community. Brandi was a popular, happy teen, but being fully part of every conversation was an ongoing struggle. She felt caught between two worlds—the Deaf and the hearing. In college, Brandi embraced Deaf Culture along with the joys of complete and effortless communication with her peers. Brandi went on to become Miss Deaf America in 1988 and served as a spokesperson for her community. It was during her tenure as Miss Deaf America that Brandi met Tim, a leader of the Gallaudet Uprising in support of selecting the university's first Deaf president. The two went on to marry and had three hearing boys—the first non-deaf children born in Tim's family in 125 years. Brandi was incredibly grateful to have her three wonderful sons, but couldn't shake the feeling something was missing. She didn't know that Zoe, a six-month-old Deaf baby girl caught in the foster care system, was desperately in need of a family unafraid of her different needs. Brandi found the answer to her prayers when fate brought her new adopted daughter into her life. Set against the backdrop of Deaf America, Finding Zoe is an uplifting story of hope, adoption, and everyday miracles.

It is the area from which Sheen's father emigrated to the U.S. and to which Estevez's own son has returned. Along the Waywill focus not just on the lives these men have chosen as artists, but also (and most importantly) on the one they have lived together. Ants Among Elephants Sujatha Gidla 2017-07-18 A Wall Street Journal Top 10 Nonfiction Book of 2017 A Publishers Weekly Best Book of 2017 A Shelf Awareness Best Book of 2017 "Ants Among Elephants is an arresting, affecting and ultimately enlightening memoir. It is quite possibly the most striking work of non-fiction set in India since Behind the Beautiful Forevers by Katherine Boo, and heralds the arrival of a formidable new writer." —The Economist The stunning true story of an untouchable family who become teachers, and one, a poet and revolutionary Like one in six people in India, Sujatha Gidla was born an untouchable. While most untouchables are illiterate, her family was educated by Canadian missionaries in the 1930s, making it possible for Gidla to attend elite schools and move to America at the age of twenty-six. It was only then that she saw how extraordinary—and yet how typical—her family history truly was. Her mother, Manjula, and uncles Satyam and Carey were born in the last days of British colonial rule. They grew up in a world marked by poverty and injustice, but also full of possibility. In the slums where they lived, everyone had a political side, and rallies, agitations, and arrests were commonplace. The independence movement promised freedom. Yet for untouchables and other poor and working people, little changed. Satyam, the eldest, switched allegiance to the Communist Party. Gidla recounts his incredible transformation from student and labor organizer to famous poet and founder of a left-wing guerrilla movement. And Gidla charts her mother's battles with caste and women's oppression. Page by page, Gidla takes us into a complicated, close-knit family as they desperately strive for a decent life and a more just society. A moving portrait of love, hardship, and struggle, *Ants Among Elephants* is also that rare thing: a personal history of modern India told from the bottom up.

The Unheard Josh Swiller 2007-09-04 A young man's quest to reconcile his deafness in an unforgiving world leads to a remarkable sojourn in a remote African village that pulsates with beauty and violence These are hearing aids. They take the sounds of the world and amplify them." Josh Swiller recited this speech to himself on the day he arrived in Mununga, a dusty village on the shores of Lake Mweru. Deaf since a young age, Swiller spent his formative years in frustrated limbo on the sidelines of the hearing world, encouraged by his family to use lipreading and the strident approximations of hearing aids to blend in. It didn't work. So he decided to ditch the well-trodden path after college, setting out to find a place so far removed that his deafness would become irrelevant. That place turned out to be Zambia, where Swiller worked as a Peace Corps volunteer for two years. There he would encounter a world where violence, disease, and poverty were the mundane facts of life. But despite the culture shock, Swiller finally commanded attention—everyone always listened carefully to the white man, even if they didn't always follow his instruction. Spending his days working in the health clinic with Augustine Jere, a chubby, world-weary chess aficionado and a steadfast friend, Swiller had finally found, he believed, a place where his deafness didn't interfere, a place he could call home. Until, that is, a nightmarish incident blasted away his newfound convictions. At once a poignant account of friendship through adversity, a hilarious comedy of errors, and a gripping narrative of escalating violence, The Unheard is an unforgettable story from a noteworthy new talent.

The Elephant to Hollywood Michael Caine 2010-09-30 'Uproarious and unflinching' Mail on Sunday 'A truly incredible life story' The Sun 'Most memorable . . . told in a voice as distinctive as his spoken one' Independent 'Brims with his gift for genial anecdote' The Sunday Times * * * From the author of the bestselling *Blowing the Bloody Doors Off*, the original, definitive autobiography of British screen icon and legend Sir Michael Caine. It's been a long journey for Maurice Micklewhite - born with rickets in London's poverty-stricken Elephant & Castle - to the bright lights of Hollywood. With a glittering career spanning more than five decades and starring roles which have earned him two Oscars, a knighthood, and an iconic place in the Hollywood pantheon, the man now known to us as Michael Caine looks back over it all. Funny, warm, honest, Caine brings us his insider's view of Hollywood (where there's neither holly nor woods). He recalls the films, the legendary stars, the off-screen moments with a gift for story-telling only equalled by David Niven. Hollywood has been his home and his playground. But England is where his heart lies. And where he blames the French for the abundance of snails in his garden. A plaque now celebrates him at the Elephant in London. His handprint is one of only 200 since 1927 to decorate the hallowed pavement outside that mecca of Hollywood stars, Grauman's Chinese Theatre. A very British star, The Elephant to Hollywood is the remarkable full circle of Michael Caine's life.
