2002-01-24 New Headway Beginner is aimed at absolute beginners, or

those who have learned a little English but lack the confidence to build

on it. It provides a solid foundation for New Headway Elementary. Its

measured, step-by-step approach builds both skills and confidence. The

right mix of language work and plentiful practice material enables

learners to consolidate their knowledge of key points before proceeding

further. The clearly defined grammatical syllabus includes past, present

and future time and provides a thorough basis on which to build. The

presentation of new language is gradual, methodical and clearly

structured, giving learners a clear sense of progression. The vocabulary

syllabus focuses on high-frequency survival terms and avoids overload.

The gradual introduction of simple skills work with manageable

communicative activities give learners a sense of achievement. 'Everyday

English' practises social expressions in common situations and shows

how learners can apply their knowledge in practical ways.

The Omega Files Jennifer Bassett 2002 In EDI (the European Department

of Intelligence in Brussels) there are some very secret files - the Omega

Files. There are strange, surprising, and sometimes horrible stories in

these files, but not many people know about them. You never read about

them in the newspapers. Hawker and Jude know all about the Omega

Files, because they work for EDI. They think fast, they move fast, and

they learn some very strange things. They go all over the world, asking

difficult questions in dangerous places, but they don't always find the

answers
