Victory Joseph Conrad 2004 'Victory, don't forget, has come out of my innermost self.' Victory was the last of Conrad's novels to be set in the Malay Archipelago. Sub-titled 'An Island Tale', it tells the story of Axel Heyst who, damaged by his dead father's nihilistic philosophy, has retreated from the world of commerce and colonial exploration to live alone on the island of Samburan. But Heyst's solitary existence ends when he rescues an English girl from her rapacious patron and takes her off to his retreat. She in turn recalls him to love and life, until the world breaks in on them once more with tragic consequences. In this love story Conrad created two of his psychologically most complex and compelling characters in a narrative of great erotic power. This new edition uses the English first edition text and has a new chronology and bibliography.

A Smile of Fortune Joseph Conrad 2020-10-22 Ever since the sun rose I had been looking ahead. The ship glided gently in smooth water. After a sixty days' passage I was anxious to make my landfall, a fertile and beautiful island of the tropics. The more enthusiastic of its inhabitants delight in describing it as the "Pearl of the Ocean." Well, let us call it the "Pearl." It's a good name. A pearl distilling much sweetness upon the world. This is only a way of telling you that first-rate sugar-cane is grown there. All the population of the Pearl lives for it and by it. Sugar is their daily bread, as it were. And I was coming to them for a cargo of sugar in the hope of the crop having been good and of the freights being high. Mr. Burns, my chief mate, made out the land first; and very soon I became entranced by this blue, pinnacled apparition, almost transparent against the light of the sky, a mere emanation, the astral body of an island risen to greet me from afar. It is a rare phenomenon, such a sight of the Pearl at sixty miles off. And I wondered half seriously whether it was a good omen, whether what would meet me in that island would be as luckily exceptional as this beautiful, dreamlike vision so very few seamen have been privileged to behold. But horrid thoughts of business interfered with my enjoyment of an accomplished passage. I was anxious for success and I wished, too, to do justice to the flattering latitude of my owners' instructions contained in one noble phrase: "We leave it to you to do the best you can with the ship." ... All the world being thus given me for a stage, my abilities appeared to me no bigger than a pinhead.

Lord Jim Joseph Conrad 2012-01-12 Since its first appearance in Blackwood's Edinburgh Magazine in 1899 and 1900, Lord Jim (1900) has been acclaimed as a modernist masterwork. Its narrative innovations and psychological complexity make it one of the most influential fictions written in the twentieth century and it has challenged and stimulated generations of readers as well as writers on and of fiction. This edition, established through modern textual scholarship, presents Conrad's novel and its preface in a form more authoritative than any so far printed. The Introduction situates the novel in Conrad's career and traces its sources and contemporary reception. The explanatory notes identify literary and historical references and real-life places and indicate Conrad's main influences. Glossaries, maps and illustrations are provided for further context, as well as a new transcription of 'Tuan Jim: A Sketch', a partial draft of the novel, and

appearing in print for the first time, Conrad's contract for the book.

Almayer's Folly Joseph Conrad 1994-08-18 This edition, first published in 1994, presents Joseph Conrad's first novel freed from seven layers of publishers' and typists' corruptions.

Typeset in the Future Dave Addey 2018-12-11 A designer's deep dive into seven science fiction films, filled with "gloriously esoteric nerdery [and] observations as witty as they are keen" (Wired). In Typeset in the Future, blogger and designer Dave Addey invites sci-fi movie fans on a journey through seven genre-defining classics, discovering how they create compelling visions of the future through typography and design. The book delves deep into 2001: A Space Odyssey, Star Trek: The Motion Picture, Alien, Blade Runner, Total Recall, WALL·E, and Moon, studying the design tricks and inspirations that make each film transcend mere celluloid and become a believable reality. These studies are illustrated by film stills, concept art, type specimens, and ephemera, plus original interviews with Mike Okuda (Star Trek), Paul Verhoeven (Total Recall), and Ralph Eggleston and Craig Foster (Pixar). Typeset in the Future is an obsessively geeky study of how classic sci-fi movies draw us in to their imagined worlds.

Joseph Conrad and the Fiction of Autobiography Edward W. Said 2008-01-08 Edward W. Said locates Joseph Conrad's fear of personal disintegration in his constant re-narration of the past. Using the author's personal letters as a guide to understanding his fiction, Said draws an important parallel between Conrad's view of his own life and the manner and form of his stories. The critic also argues that the author, who set his fiction in exotic locations like East Asia and Africa, projects political dimensions in his work that mirror a colonialist preoccupation with "civilizing" native peoples. Said then suggests that this dimension should be considered when reading all of Western literature. First published in 1966, Said's critique of the Western self's struggle with modernity signaled the beginnings of his groundbreaking work, Orientalism, and remains a cornerstone of postcolonial studies today.

Rereading Conrad Daniel R. Schwarz 2001 Leading Conradian scholar Daniel R. Schwarz assembles his work from over the past two decades into one crucial volume, providing a significant reexamination of a seminal figure who continues to be a major focus in the twenty-first century. Schwarz touches on virtually all of Joseph Conrad's work including his masterworks and the later, relatively neglected fiction. In his introduction and in the persuasive and insightful essays that follow, Schwarz explores how the study of Conrad has changed and why Conrad is such a focus of interest in terms of gender, postcolonial, and cultural studies. He also demonstrates how Conrad helps define the modernist cultural tradition. Exploring such essential works as Heart of Darkness, Lord Jim, Nostromo, and "The Secret Sharer," Schwarz addresses issues raised by recent theory, discussing the ways in which contemporary readers, including, of course, himself, have come to read Conrad differently. He does so without abandoning crucial Conradian themes such as the disjunction between interior and articulated motives and the discrepancies between dimly acknowledged needs, obsessions, and compulsions and actual behavior. Schwarz also touches on the extent to which Conrad's conservative desires for a few simple moral and political ideas were often at odds with his profound skepticism. A powerful close reader of Conrad's complex texts, Schwarz stresses how from their opening paragraphs Conrad's works establish a grammar of psychological, political, and moral cause and effect. Rereading Conrad sheds new light on an author who has spoken to readers for over a century. Schwarz's essays take account of recent developments in theory and cultural studies, including postcolonial, feminist, gay, and ecological perspectives, and show how reading Conrad has changed in the face of the theoretical explosion that has occurred over the past two decades. Because for over three decades Schwarz has been an important figure in defining how we read Conrad and in studying modernism, including how we respond to the relationship between modern literature and modern art, scholars, teachers, and students will take great pleasure in this new collection of his work.

Product-Focused Software Process Improvement Andreas Jedlitschka 2008-06-17 On behalf of the PROFES Organizing Committee, we are proud to present to you the proceedings of the 9th International Conference on Product-Focused Software Process Improvement (PROFES 2008) held in Frascati - Monteporzio Catone, Rome, Italy. Since 1999, PROFES has established itself as one of the recognized international process improvement conferences. The main theme of PROFES is professional software process improvement (SPI) motivated by product and service quality needs. Focussing on a product to be developed, PROFES 2008 addressed both quality engineering and management topics including processes, methods, techniques, tools, organizations, and enabling SPI. Both solutions found in practice and the relevant research results from academia were presented. Domains such as the automotive and mobile applications industry are growing rapidly, resulting in a strong need for professional development and improvement. Nowadays, the majority of embedded software is developed in collaboration, and distribution of embedded software development continues to increase. Thus, PROFES 2008 addressed different development modes, roles in the value chain, stakeholders' viewpoints, collaborative development, as well as economic and quality aspects. Mobile development was included again as one of the themes. Since the beginning of the series of PROFES conferences, the purpose has been to bring to light the most recent findings and novel results in the area of process improvement, and to stimulate discussion among researchers, experienced professionals, and technology providers from around the world.

It examines the extent to which the impact of Conrad's early life and his cultural inheritance is reflected in the themes of his books. Conrad's preoccupation with the crisis of language and the breakdown of community and individual identity is addressed and special attention is given to his distinctive narrative strategies, ranging from black comedy to nihilistic despair. Heart of Darkness and Other Tales Joseph Conrad 1990 Set in an atmosphere of mystery and menace, Joseph Conrad's 'Heart of Darkness' tells the story of Marlow's journey up the Congo River to meet the remarkable Mr. Kurtz. It reveals Conrad at the height of his powers as a writer of great vividness, intensity, and sophistication. 'An Outpost of Progress' is also set in central Africa and offers a fiercely sardonic view of European imperialism. 'Karain', with its Malaysian setting, questions conventional ideas of the contrasts between races. 'Youth' is a largely autobiographical account of an ill-fated voyage in which Marlow makes his first appearance. The four tales variously appraise the glamour, folly and rapacity of imperial adventure. Intro. and Notes by Cedric Watts. Biblio. Chronology. Glossary.
