Superstructure Mark Power 2000 Mark Power is a photographer who has had exclusive, unfettered access to all areas of the Greenwich millennium site since 1997, when it was merely a derelict, polluted building site. Since then, virtually day by day, he has captured the creation of the Dome and its contents on film. His pictures are astonishingly powerful; they are certainly the most coherent, complete vision of the Dome by an individual photographer. Having visited the Dome well over a hundred times, Mark Power has truly managed to convey the spirit of the place.
